Bold indicates Big Ten Championship season

* - Team championships were determined in the "Western Intercollegiate Wrestling, Gymnastics and Fencing Association," an open meet, from 1912-1921. From 1922-1933 team championships were based on dual meet records. In 1926 the conference sponsored its own meet, but only individual champions were named until 1934, when a point system was adopted to name a team champion in that meet.
 ** - The NCAA officially began recognizing team championships in 1928.
